

Beyeonics Quality Policy

We, the management team members of Beyeonics Surgical Ltd., in line with the goals of the organization that we lead: to design, manufacture, distribute, install and service high quality medical devices, are committed to implementing our quality policy, the principles of which are to:

- a) Employ all necessary measures to ensure provision of safe and effective products for the welfare and benefit of our customers.
- b) Continually strive to exceed customer expectations and satisfaction by improving our products through implementation of customers' feedback.
- c) Comply with all relevant regulatory and quality requirements responsibly and with honesty and integrity.
- d) Demonstrate our intent to improve every aspect of our organization through teamwork and a progressive exchange of ideas by creating an atmosphere that encourages personal growth, pride in one's work and pride in the organization as a whole.
